DESCRIPTION

The minimum stay is 10 nights. Recently refurbished two bedroom apartment on the eighth floor. This is a two bedroom apartment with amazing views and very well located. The main bedroom has a big fitted wardrobe, fan on the ceiling and small window, the smaller bedroom has two single beds, a fan on the ceiling and a small window too. Beds in both bedrooms can be easily connected/disconnected to double bed/single beds. The toilet has been reformed. It now has a nice corner walk-in shower, and is nicely furnished. The kitchen and the living room share a big space in the apartment. The kitchen has just been made new and has everything you might need; fridge, oven, microvawe, toaster, coffee machine (filter), kettle, etc. As well as diches, glasses, utensils, saucepans, etc. In the living room you can sit on a very confortable L-shaped sofa while you enjoy the amazing views. There is a nice big Smart TV, dining table and chairs for four and a fan on the ceiling. The sliding glass doors on the terrace can be put to a side so that the sea breeze can come all the way inside the living room and kitchen. The

terrace is big and there are some chairs and a small table to relax on. There are also some awnings to protect yourself from the sun on the hotter days in summer. There is no aircon, however, there is no need as the sea breeze this high up is much better! There is WiFi throughout the apartment and an elevator to bring you up eight floors. The apartment is very well located as it stands on the beach front promenade, where there are many bars and restaurants to chill after a long day on the beach.
